

LEAGUE OF WOMEN VOTERS®
OF NEW JERSEY EDUCATION FUND

OUTLINE OF the ALTERNATIVE ENERGY for NEW JERSEY PROJECT

1. The LWVNJ will request local leagues and individual members to express their interest in researching and writing about one or more forms of alternative energy for the generation of electric power. (AENJ Participation form)
2. The Natural Resources Committee (NRC) will review the forms to ensure there will be no duplicates. Individuals expressing interest will be matched with local leagues, to the extent possible,
3. The NRC will hold a meeting of the participants to discuss content of the reports and determine timing for their completion.
4. The LWVNJ will convene a conference at which each local league that has participated in the project will present its results and submit its paper.
5. The NRC will compile and edit the papers and publish them in a booklet.
6. The LWVNJ will distribute booklets to local leagues and other interested parties.
